RE: Website relating to Living Stones Village

Dear Ms. Hortum,

We have tried to contact you via email several times regarding one of your web page that contain our children and in attempt to solicit donations from the public (<http://www.worldchildfoundation.org/livingstones/livingsotnes.htm>).

We would like you to know that Living Stones Village (LSV) is no longer under the management of either Ms. Dawn Gage or International China Concerns. Our understanding is that there is no formal agreement between your organization and LSV for permission to display our cause and photos, soliciting donations through your organization. If you would like to partner with us in the fundraising activities, we would appreciate it if you can contact us formally. If otherwise, we request that you terminate the web page relating to LSV immediately.

This would be the final notice that we are sending before forward this matter to our legal counsel. We trust that you would take this matter seriously as we do. We look forward to your response. Thank you for your attention.

Sincerely,

Vincent Kuo  
Operating Officer
